Please Take Action

The Governor and the Democratic leadership in the New York State Legislature want to make abortion less safe and more expansive than it is now. They've promised to enact the so-called "Reproductive Health Act" early in 2019. This bill would:

- *Allow non-doctors to perform abortions.
- *Allow abortions for any reason in the third trimester of pregnancy right up to a mother's due date.
- *Remove all criminal penalties for abortion, even if it was contrary to the mother's choice, such as the intentional targeting of an unborn child in an act of violence.
- *Remove our state's protections for infants accidentally born alive in the course of an abortion. This extremism goes far beyond *Roe vs. Wade!*

Take Action Now

Pro-life New Yorkers need to stand up in unison and make their voices heard on behalf of women and their unborn children. Tell your state lawmakers that enough is enough.

Here's a simple way to do this. Go to the New York State Catholic Conference website at www.nyscatholic.org. Click on "Stop Abortion Expansion." Enter your home address information, then select "Send Message." Your message will automatically be sent to your State Senator, State Assembly Representative and the Governor.

Why Do We March?

On Thursday, January 17, 2019 many teens, brave adults and I will board a bus for our annual trip to Washington, D.C. for the March for Life. This trip will take a great deal of energy, demands that we spend hours outside no matter what the weather may be, get little sleep, eat lots of junky food, walk for miles, and supervise a group of teenagers so that no one gets lost amidst a crowd of hundreds of thousands. Our bodies will be depleted and our emotions will be drained as we see pictures of babies taken from their mothers wombs, listen to the stories from women and men who regret their abortions, and visit monuments and museums where we remember lives that were taken tragically from them. So, why do we march?

- We March for Life because Life is a gift from God and it is sacred!
- We March for Life because we are Children of God - all are created in His Image!
- We March for Life because we know the miracle of life from being alive! We want all others to experience the gift of life!
- We March for Life because a babies heart beats at 18 days after conception!
- We March for Life because we know that we have failed women when they believe that taking the life of their child(ren) is the only choice!
- We March for Life because the unborn do not have a voice!
- We March for Life because we believe that in time we can influence those in our government who have the power to change the Roe vs. Wade decision!
- We March for Life because we love mothers, fathers and children!
- We March for Life because we know about the long lasting effects that a mother endures after an abortion and we want her to accept healing for this excruciating pain that she is silent about!
- We March for Life because we are truly thankful to God for the blessing that our own lives have been!

While you may not be able to go to Washington with us you can be part of the March for Life by praying for our trip and our safety, by talking to young people about the beauty of life, by encouraging our young people to always make decisions that support life from conception to natural death, by being loving in words and in actions everyday, by contacting your government officials in order to change the law allowing for abortion, by thanking God for the gift of your own life, by living in faith and expressing joy!

Please pray for a safe and good trip to Washington for the March for Life for all of us. Pray that this experience will have an impact on our youth in a deep way so that they may always make good choices that are in support of LIFE for themselves and for others! Pray that our country and all of its citizens will come to understand that LIFE is a gift from God to be respected, loved and protected - ALWAYS! - Fr. Tony

9 Days for Life is the U.S. bishops' annual period of prayer and action focused on cherishing the gift of every person's life.
